IV. TYPE OF REQUEST

(All requesters must read this section and fill out required areas)

Type of request (all requesters please check one)

Non-commercial (Public/Personal/Nonprofit) :

Commercial:

Requests that are commercial in nature will be charged a commercial use fee.

What is a commercial use of data?

A commercial purpose is defined by Arizona Revised Statutes 39-121.03 (D) as the use of a public record for the purpose of:

- sale or resale.
- producing a document containing all or part of the copy, printout or photograph for sale.
- obtaining of names and addresses such public records for the purpose of solicitation for the sale of names and addresses to another for the purpose of solicitation.
- which the purchaser can reasonable anticipate the receipt of monetary gain from the direct or indirect use of the public record.

All requesters are prohibited from using information records for a commercial use which were requested under for non-commercial purpose:

Arizona Revised Statutes 39-121.03 (C) states "A person who obtains a public record for a commercial purpose without indicating the commercial purpose or who obtains a public record for a noncommercial purpose and uses or knowingly allows the use of such public record for a commercial purpose or who obtains a public record for a commercial purpose and uses or knowingly allows the use of such public record for a different commercial purpose or who obtains a public record from anyone other than the custodian of such records and uses it for a commercial purpose shall in addition to other penalties be liable to the state or the political subdivision from which the public record was obtained for damages in the amount of three times the amount which would have been charged for the public record had the commercial purpose been stated plus costs and reasonable attorney fees or shall be liable to the state or the political subdivision for the amount of three times the actual damages if it can be shown that the public record would not have been provided had the commercial purpose of actual use been stated at the time of obtaining the records."

Purpose For Commercial Data Request (for commercial use requesters only (including government contractors); non-commercial requesters are not required to fill out this section):

Describe below the commercial purpose of the requested data. Requested data may be used ONLY for the purposes stated below. If the purpose stated below includes sale or resale of the data or portions of the data in a product or service please describe that product or service, its cost to customers and approximate numbers of customers who would use the product or service. We may contact you for additional information related to your purpose if it is needed to help us assess applicable charges.

Public purpose for commercial data request.

If this is a commercial request for data for a public purpose project (generally being a project done for a public agency under a public contract) please list the agency contracted with and the name and phone number of the public agency contact whom you are working with on the project. Fees may be waived under these conditions.

Determination of Commercial Use Fees

The cost for commercial uses shall (under ARS 39-121.03 (A)) be assessed using the following factors:

- A portion of the cost to the public body for obtaining the original or copies of the documents, printouts or photographs
- A reasonable fee for the cost of time, materials, equipment and personnel in producing such reproduction
- The value of the reproduction on the commercial market as best determined by the public body
